

Hillcroft Farms Semen Sales Policy 5th October 2021

In the interests of the new UltraWhite breed, and to protect the value of client purchases, the Proprietors of Hillcroft Farms reserve all semen sale rights from rams sold at Auction.

It is not the intention of the proprietors to sell semen from any of these rams post sale.

They passionately believe it will be in the best interests of the long-term development of the breed, and its ability to influence the prime lamb industry. It's important to implement these measures at this early stage of the breed.

This does not in any way interfere with the ability of buying syndicates or partnership purchases to operate and share rams in the normal way.
